Career Objective

Motivated and detail-oriented Computer Engineering student seeking an internship or entry-level opportunity to apply programming and web development skills. Eager to learn new technologies, contribute to innovative projects, and build a strong foundation in software development and problem-solving.

Education

MIT Academy of Engineering

B.Tech in Computer Engineering | CGPA: 8.03/10
Expected Graduation: 2027

Pune, Maharashtra

Government Residence Women Polytechnic

Diploma in Computer Engineering | Percentage: 90.51%
2024

Tasgaon, Maharashtra

Pandit Govind Vallabh Pant High School

Karad, Maharashtra
SSC (10th) | Percentage: 92.80%
2021

Karad, Maharashtra

Experience

Cisco Networking Academy

Cyber Security Intern

Jun 2025 – Aug 2025

- Gained basic understanding of network security concepts and protocols
- Performed introductory simulations using Cisco Packet Tracer
- Learned fundamentals of secure network design and threat awareness

Amplifier Pvt. Ltd.

Python Developer Intern

Karad, Maharashtra

May 2023 – Jul 2023

- Developed Python-based solutions for basic automation tasks
- Applied programming concepts to real-world industrial problems
- Strengthened understanding of core Python programming

PROJECTS

Student Detention List Desktop Application

- Developed a desktop-based system to manage and track student detention records
- Used HTML, CSS, JavaScript, and PHP for implementation
- Collaborated in a team of 4 members

Smart Care for Senior Citizens (Android App)

- Built an Android application for elderly care and assistance
- Implemented features for monitoring and support
- Developed using Java in a team of 4

Leadership & Activities

Team Leader — Smart Care for Senior Citizen Project

- Led a team of 4 members in developing an Android-based healthcare application
- Managed task allocation and ensured timely delivery

Cybersecurity Learner — Cisco Networking Academy

- Performed hands-on network security simulations using Cisco Packet Tracer
- Gained practical exposure to threat analysis and secure network design

Skills & Interests

Technical: Python, HTML, CSS, JavaScript, PHP, Java, Android Development, Node.js

Tools: Visual Studio Code, Android Studio, Git, GitHub, MySQL, Oracle, Cisco Packet Tracer, MS Word

Core Areas: Web Development , Android Development

Learning: MERN Stack (MongoDB, Express.js, React, Node.js)

Languages: Marathi, Hindi, English
